Residential High-Efficiency Rebate Program–Mississippi

Mail-in application form

Spire offers residential customers rebates to help make upgrading to more energy-efficient equipment easier. Follow the steps in this rebate application to start saving energy and money now and for years to come.

We offer rebates on high-efficiency water heaters, furnaces, gas dryers and thermostats.
To qualify for a rebate, your equipment must meet the following specifications:

Water heating rebates

Equipment	Rated	Rebate
Storage water heater (20 – 55 gallons)	0.64 UEF or higher	$50
Tankless water heater (Less than 2 gallons)	0.82 UEF or higher	$300

Central heating rebates

Equipment	Rated	Rebate
Gas furnace	92% to 95.99% AFUE	$400
Gas furnace	96% AFUE or greater	$500
Programmable thermostat	7 day programmable	$50
Smart thermostat		$100

Appliance rebates

Equipment	Rated	Rebate
Efficient clothes dryer	CEF of 3.48 and higher	$50

AFUE = Annual Fuel Utilization Efficiency
UEF = Uniform Energy Factor
CEF = Combined Energy Factor

Guidelines for your rebate

To better serve all our customers, only qualifying equipment installed in a residence with an active Spire account by a licensed HVAC or plumbing contractor will be eligible. **Self-installs are prohibited** from receiving a rebate under the program except for programmable/Wi-Fi enabled/smart thermostats.

How it works and what you'll need to apply

- Your active 12-digit Spire account number
- Purchase and install qualifying equipment (see above list)
- Receipts and/or contractor invoices to document manufacturer, full model #, price, date of purchase and installation date, and verification that the equipment was installed at the account address
- Apply online at www.SpireEnergy.com/rebates and select Save energy and money or complete and mail in the application
- If you submitted a complete application and it has been approved, you'll receive your rebate in about 6 to 8 weeks

Get your reward faster when you submit online at www.SpireEnergy.com/rebates within the valid offer dates. It's easy—and you won't need a stamp.

Terms and conditions

- Eligible equipment must be purchased and installed in a residence with an active Spire Account.
- Installing contractors are eligible to receive the rebate under the program with a customer signed **Rebate Reassignment Section**
- Water heaters must be rated with a Uniform Energy Factor (UEF).
- Programmable setback thermostats qualify if they feature four (4) pre-programmed settings for 7 day, 5+2, or 5-1-1-day programming capability or is a Wi-Fi enabled or a smart thermostat.
- Rebates cannot exceed the final purchase price or out-of-pocket cost.
- A rebate for eligible equipment can be obtained up to one year after the purchase and installation if the applicant still owns and/or occupies the residence where the eligible equipment was installed and has an active Spire account.
- **Rebate Limit:** Individual dwelling units, as determined by account number, whether owner-occupied or rental property, are eligible for a maximum of two heating system rebates (furnace/boiler), two water heater rebates and two thermostat rebates under this program. Owners of multiple individually-metered dwelling units may receive rebates for all qualifying natural gas energy efficiency equipment, subject to program funding availability. A program year runs from April 1, 2021 through March 31, 2022.
- **Valid Installations:** Rebate applicable to installations only performed by licensed HVAC or plumbing contractors certified to install natural gas furnaces or water heaters in your county. *Self-installs are prohibited from receiving a rebate under the program except for programmable/Wi-Fi enabled/smart thermostats.*

Additional Terms: This rebate is available to all Spire residential customers in Mississippi. It is subject to the terms and conditions of the program and can change or terminate without prior notice. **Funding is limited.** Funding is administered by Applied Energy Group and provided to Spire customers in cooperation with the Mississippi Public Service Commission. Spire reserves the right to conduct field inspections to verify installations. Spire does not guarantee the performance of installed equipment expressly or implicitly. Any concern regarding installation should be directed to your installer. Customer agrees that Spire has no liability whatsoever concerning the quality, safety, and/or installation of the products or measures resulting from the application for rebate. Customer agrees to waive any and all claims against Spire and its affiliates, directors, officers, employees or agents, arising out of activities conducted by or on behalf of Spire in connection with applications for any rebate(s) under the Residential high Efficiency Rebate Program.
